

# Endangered Species Answers

Bees	Habitat/ Country	<ul style="list-style-type: none"> <li>• The UK and all around the world</li> <li>• Found around crops and plants/flowers</li> <li>• Also found in beehives</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Use of pesticides</li> <li>• Climate change</li> <li>• Loss of habitat</li> <li>• Disease/viruses</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change.</li> <li>• Grow a bee-friendly garden.</li> <li>• Encourage others to do both of these.</li> <li>• Some people can also become beekeepers.</li> </ul>

Giraffes	Habitat/ Country	<ul style="list-style-type: none"> <li>• Africa</li> <li>• Savannahs, grasslands, open woodlands</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Loss of habitat</li> <li>• Illegal hunting</li> <li>• Climate change (including affecting their source of food)</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> </ul>

Coral Reefs	Habitat/ Country	<ul style="list-style-type: none"> <li>• Under the sea</li> <li>• Tropical oceans and seas</li> <li>• The largest 'The Great Barrier Reef' is in Australia.</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Acidity from climate change</li> <li>• Pollution in oceans and seas</li> <li>• Over fishing</li> <li>• Development of coastal areas</li> <li>• Too much tourism</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Use sun screen that doesn't contain oxybenzone.</li> <li>• Reduce and recycle waste to limit pollution from waste.</li> <li>• Don't buy coral.</li> <li>• Help fight global warming.</li> <li>• Help stop plastic pollution.</li> <li>• Be careful if you are on holiday or snorkelling near a coral reef.</li> </ul>

Whales	Habitat/ Country	<ul style="list-style-type: none"> <li>All of the world's major oceans and seas</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>Pollution</li> <li>Noises in the oceans</li> <li>Getting tangled in fishing nets</li> <li>Food being cut off by dams</li> <li>Crashing into large boats/ships</li> <li>Hunting</li> <li>Climate change</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>Do your bit to combat global climate change and encourage others to do so as well.</li> <li>Don't buy whale meat or products.</li> <li>Do your bit to stop pollutions in the oceans including plastic reduction.</li> <li>Support good fishing methods by only buying fish products that are caught in a whale-friendly way.</li> </ul>

Elephants	Habitat/ Country	<ul style="list-style-type: none"> <li>Africa and Asia</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>Hunting</li> <li>Loss of habitat</li> <li>Climate change</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>Do your bit to combat global climate change and encourage others to do so as well.</li> <li>Don't buy anything made from ivory.</li> <li>If you are fortunate enough to go on a safari holiday, make sure that it has a sustainable certificate so that it respects the animals.</li> </ul>

<b>Trees</b>	Habitat/ Country	<ul style="list-style-type: none"> <li>• Rainforests in tropical climates</li> <li>• Other trees around the world in tropical and temperate climates.</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Deforestation</li> <li>• Urbanisation</li> <li>• Climate change</li> <li>• Damage from non-native insects</li> <li>• Forest fires</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Plant more trees and encourage others to do so.</li> <li>• Find out more about the reasons for deforestation and buy products that are sustainable.</li> </ul>

<b>Plants</b>	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in tropical and temperate climates</li> <li>• Crops in farming areas</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Climate change</li> <li>• Habitat loss through urbanisation and farming</li> <li>• Non-native species taking over</li> <li>• Pollution</li> <li>• Genetically modified crops which threaten biodiversity</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Support native plants.</li> <li>• Encourage adults not to use pesticides.</li> <li>• Try to use organic products.</li> </ul>

Birds	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in most climates</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Climate change</li> <li>• Habitat loss through farming</li> <li>• Deforestation</li> <li>• Other species driving away or hunting</li> <li>• Illegal 'pet' trading/trafficking</li> <li>• Plastic pollution</li> <li>• Pesticides</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Encourage adults not to use pesticides.</li> <li>• Try to use organic products.</li> <li>• Plant more trees and encourage others to do so.</li> <li>• Find out more about the reasons for deforestation and buy products that are sustainable.</li> <li>• Do your bit to stop plastic pollution and encourage others to do so as well.</li> </ul>

Fish	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in the oceans, seas and rivers in most climates</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Climate change and rising sea temperatures</li> <li>• Plastic/ocean pollution</li> <li>• Habitat loss through urbanisation/damming</li> <li>• Overfishing</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Do your bit to stop plastic pollution and encourage others to do so as well.</li> <li>• Find out more about how people can stop water pollution including avoiding fertilizers.</li> <li>• Only buy fish that is labelled sustainable.</li> <li>• Join a local river or beach clean-up.</li> </ul>

Sharks	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in the oceans and seas in tropical climates</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Climate change and rising sea temperatures</li> <li>• Plastic/ocean pollution</li> <li>• Habitat loss through climate change</li> <li>• Hunting and Fishing</li> <li>• Getting caught in trawling nets</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Do your bit to stop plastic pollution and encourage others to do so as well.</li> <li>• Only buy fish that is labelled sustainable.</li> <li>• Join a local river or beach clean-up.</li> </ul>

Crustaceans	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in the oceans and seas in temperate and tropical climates</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Plastic/ocean pollution</li> <li>• Ocean acidification</li> <li>• Loss of coral reefs</li> <li>• Overfishing</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to stop plastic pollution and encourage others to do so as well.</li> <li>• Only buy fish that is labelled sustainable.</li> <li>• Join a local river or beach clean-up.</li> <li>• If you are ever lucky enough to go snorkelling or diving, be extra careful of habitats and coral reefs.</li> </ul>

Sea Turtles	Habitat/ Country	<ul style="list-style-type: none"> <li>• Around the world in the oceans and seas in temperate and tropical climates</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Plastic/ocean pollution</li> <li>• Climate change and rising sea temperatures mean fewer male turtles</li> <li>• Getting caught in trawling nets</li> <li>• Habitat loss of nesting grounds on beaches due to human activity</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Do your bit to stop plastic pollution and encourage others to do so as well.</li> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Only buy fish that is labelled sustainable.</li> <li>• Join a local river or beach clean-up.</li> </ul>

Great Apes	Habitat/ Country	<ul style="list-style-type: none"> <li>• South east Asia</li> <li>• Africa</li> </ul>
	Reasons for Being Endangered	<ul style="list-style-type: none"> <li>• Habitat loss through farming and urbanisation</li> <li>• Deforestation because of palm oil</li> <li>• Increased human contact bring threat of disease and changes in diets.</li> <li>• Climate change destroying habitat</li> <li>• Illegal captivity and trading.</li> </ul>
	What Can Be Done?	<ul style="list-style-type: none"> <li>• Try and avoid products containing palm oil.</li> <li>• Find out more about how companies are using sustainable palm oil.</li> <li>• Do your bit to combat global climate change and encourage others to do so as well.</li> <li>• Buy paper products that come from sustainable sources.</li> </ul>
