

## Maths

Try this Oak National Academy lesson about recognising when groups have equal amounts in and adding equal groups together.

<https://classroom.thenational.academy/lessons/to-recognise-and-add-equal-groups-cgr68d>

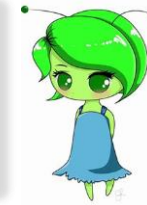

## PE

### Moon Landing

Have a look at this video of another class creating their own moon landing and rocket dramatizations. Can you do one your self? Don't forget to crouch down low and reach up high.

<https://www.ashgroveprimary.com/news/p4s-1st-pe-lesson---apollo-moon-landing-dramatisation/>

Secondary Home Learning  
Spring 2 Week 4  
Topic: 'Moon Zoom'

## Communication, Language and English Adverts

Can you make an advert and film it to advertise the moon buggy you have made below? Make it sound like the best toy Moon buggy you can buy. If you don't fancy making a video make an advert you might see in a toy catalogue.

## Knowing Me

### What is important to me

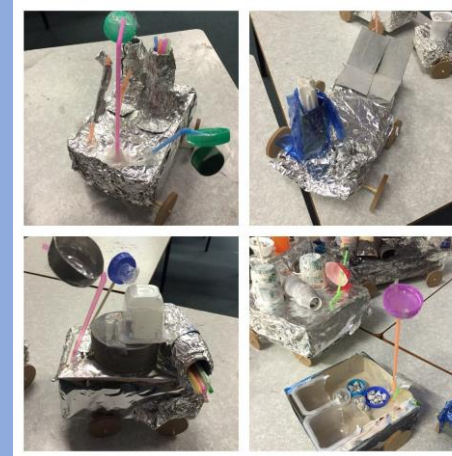

Draw a picture and label 5 things that are important to you. Think of things you would hate to be without!

## Expressive Arts and Design

### Moon Buggy

Can you make a moon buggy like this using things you can find at home?

## Understanding the World Where does the solar system end?

Watch this video and find out about what you will find when you go right past the solar system!

<https://youtu.be/zhb43EbnvpI>

Can you make a poster about what you have heard and seen?
