

Springwater is an all age (2-19 years) school catering for students with a wide range of learning difficulties and associated Special Educational Needs. We have a broad and exciting curriculum offering a variety of activities including rebound therapy, horse riding for the disabled, swimming and educational off-site visits.

These activities can only happen with the right level of staff support. For us to effectively offer these activities we urgently require support from committed volunteers. If you think you might be interested in a rewarding and fulfilling opportunity, we want to hear from you!

Please contact us for an appointment to look round initially to see if it's the right opportunity for you – there isn't any commitment at this stage!
