

20th September 2019

Dear Parents

UCI CYLING CHAMPIONSHIPS

Following my recent letter regarding the above, I am writing to confirm that school is open for the whole week next week commencing Monday 23rd September. There are very few staff changes and, therefore, we expect to run the school day in a normal way.

Regarding home/school transport: we have been informed by SEN Transport of some earlier pick ups from school where routes home are affected. They should have already liaised with you if your child is affected. Please check with them or your child's transport provider if you are unsure about the arrangements for your child.

Springwater Activity Club next Thursday 26th September will not be taking place.

Please look at the event website in order to familiarise yourself with the road closure information.
