

Communication and language

Hide and seek bear!

Find a teddy bear or cuddly toy and hide around the room. Can your child cover their eyes while you do this? Hide it under tables, on top of chairs, next to the television. Maybe you could play hide and seek yourselves.

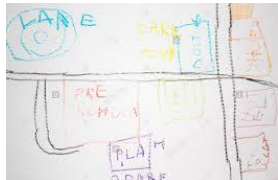

PSHE

Can you make a bear mask like this with some card and string? Can you show on the mask how the bear might feel in the story – is he excited, scared, angry?

Art and Design

Have you found the bear? Can you make a map to show where you found the bear? Here are some ideas of what your map could look like!

Physical Development

Set up an assault course in your house or garden! Climb over cushions, under chairs, around tables and through tunnels made with blankets!

Primary Home Learning
Spring 2 Week 4
Topic: 'Can we explore it?'

Understanding the World

Have a look at some maps on the following links. Can you see any things that are the same or that are different?

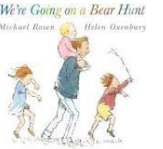

<https://www.ducksters.com/geography/>

DO you have a map of the world at home or a globe to explore? Maybe you could locate the places you've been on holiday?

Literacy

Read or watch the story 'We're Going on a Bear Hunt' by Michael Rosen.

Encourage your child to join in with repetitive phrases and actions. After becoming more familiar with the story can they retell the story or parts of the story by making marks and drawings in their own special books

<https://www.youtube.com/watch?v=0gyI6ykDwds>

Writing places! Offer children a range of unusual places to make marks and write words and sentences for example put paper on the underside of tables, sticky notes and large rolls of plastic or paper taped to the floor inside and outside!

Maths

Make some bear footprints out of paper and place them inside and outside. Can you count how many there are as you step or move onto them?

If you can do this maybe you could try counting them in 2's, 5's or 10's!
