How can I use this with my children?

Ideas jars are adaptable and changeable. As a family, choose a set of films that you would like to watch. When it is family film time, choose the film from the jar and enjoy.

How does this help my children's learning?

It can often be difficult to think of activity ideas off the cuff. This can be used ready for those last minute moments. Remove the pressure of thinking of ideas by having your jar ready to go.

Ideas for further learning:

twinkl

As the ideas jars are adaptable, you and your family can get creative and invent your own ideas jars suggestions. Any ideas you have can go inside the jar.

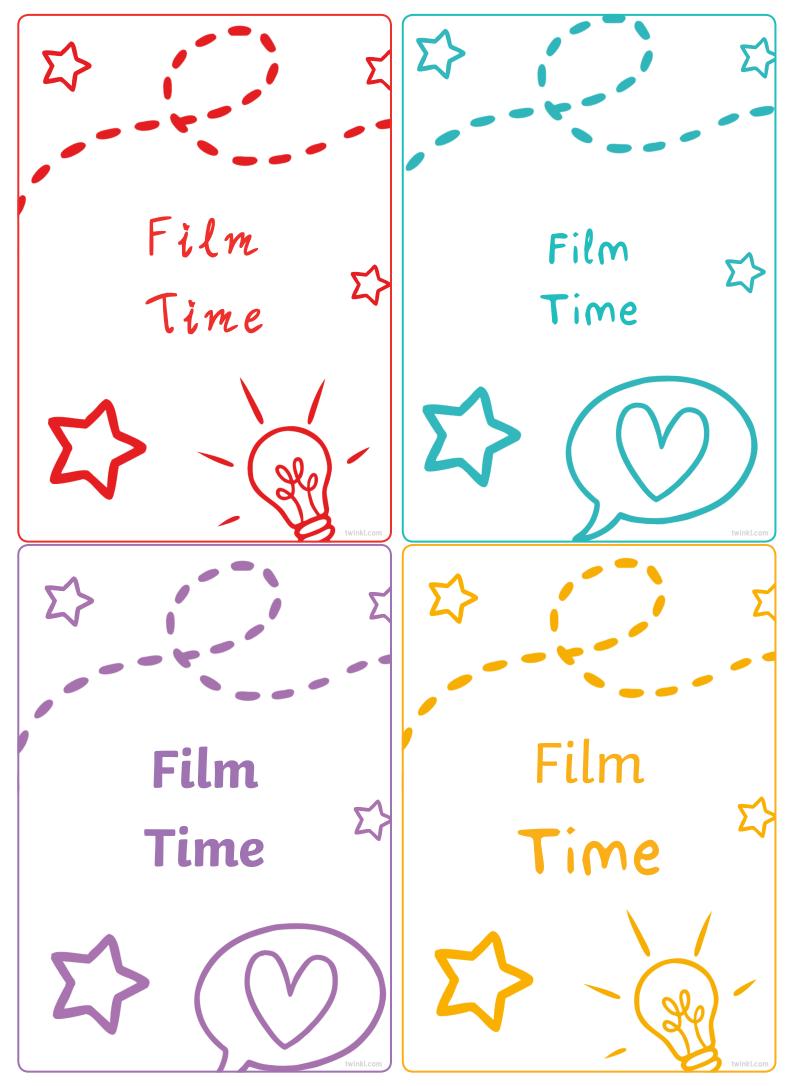

Ideas Jar: Family Film Time

As a family, you can find yourself either watching the same films over and over again or spending a lot of time deciding/disagreeing about which film to watch. Using this Film Time jar will hopefully make life easier.

Ask each member of the family to write down their ten favourite films and add them to the jar. Next time you all sit down to watch a film, nominate someone to pick a title from the jar. This way, no one can disagree. When the jar is empty you can refill the jar with new titles or some old favourites.
