

Looking after my things.

What shall I do with my keys, phone and wallet

1. Put them in a suitcase?
2. Carry them in my hand?
3. Put them in my trouser pocket?
4. Put them in my coat pocket?

Talk about losing them, carrying too many things in your hand, checking your coat pocket doesn't have holes in it.

Think about if someone wants your phone and its sticking out of your pocket.
