

## Communication and Language

Read or watch the story *We're Going on a Bear Hunt* by Michael Rosen.

<https://www.youtube.com/watch?v=mir9qos4krk>

Encourage the children to join in with repetitive phrases and actions.

## PSED

Discover the textures from the story with your feet - water foot spa, trays with twigs, grass, sand, mud and 'snow' made with ice!

## Art and Design

Drip and splash blue and white paint onto paper which you have placed on a tray. Then roll a marble or small ball around the tray using two hands to hold the tray. You will have created a beautiful watery scene.

## Physical Development

Have a go at this bear themed Tac Pac sensory touch session. You will need to gather some resources from it first.

Wk

## Literacy

Can you make a bear mask like this with some card and string? Can you make some brown furry marks on the card using pens, crayons or paint? Can some one take a photo of you in the mask to show you or let you look in a mirror.

## Maths

Make some bear footprints out of paper and write numbers to 5 on them. Place them inside and outside. Can you count how many there are as you step or move onto them?
