

## Communication and Language Video Call a Friend

This term we are learning all about technology and the different ways we can communicate with each other. Can you skype or facetime someone else in your house? Maybe you could video call a friend or another family member.

## PSED Like and Dislike

Go on a walk around your house/garden. Can you find 5 things you like and 5 things you don't like. Put them in piles and practice taking photos of them.

## Art and Design Drip and Splash Pictures

In art we are learning all about Jackson Pollock and how he used splashes and drips of paint to create his work. Can you use your fingers and paint brushes to create your own drip and splash picture?

## Physical Development Jigsaws

Find a jigsaw at home and complete it with someone at home. How many pieces does it have? We can also do jigsaws on the computer. You could give this a go if you're feeling extra adventurous!

<https://www.onlinejigsawpuzzles.net/puzzle10.php?image=images/puzzle/Playmobil.jpg>

## Secondary Home Learning Week 1 Topic: 'Can I Switch it On?'

## Understanding the World Then and Now: Cleaning

Another thing we are learning about is the different ways we can do things and how this has changed over time. Can you help someone at home with the cleaning in different ways? Maybe do the washing up then another day load the dishwasher? Can you sweep up using a dustpan and brush or use a vacuum cleaner?

## Literacy Chicken Clicking

Another thing we are learning about is how to be safe online.

Listen to the story of Chicken Clicking on YouTube:

[https://www.youtube.com/watch?v=jFIeB6QT4WY&ab\\_channel=JacquelineWiseman](https://www.youtube.com/watch?v=jFIeB6QT4WY&ab_channel=JacquelineWiseman)

Can you colour in the chick mask? Maybe you could practice cutting up different coloured paper and stick it on your mask?

<http://coloringpage.eu/easter-chick-mask-template-animal-masks/>

## Maths All Shapes and Sizes

Go on a shape hunt at home and in the garden. Look for different shapes, can you find a circle, square, triangle or a rectangle? Can you find different sized shapes? Maybe different sized plates. Which one is bigger/smaller?

## Communication and Language Letter Hunt

Go on a hunt around your house and garden. Can you find any letters? (Maybe someone at home could hide some for you to find!) Get someone to give you instructions of where to find them Eg. 'Go look by the door.' Can you follow the instructions?

How many letters could you find?

## Physical Development Trace and Form

Time to practice our fine motor skills! Pour some sugar or flour onto a tray (whatever you have at home!) Can you make marks in it? Someone at home could draw shapes/letters/patterns on the tray. Can you copy it?

## Literacy Sending eCards

Linking to our technology topic we are learning about the different ways we can communicate. Can you help send an eCard using the computer or tablet? You could send it to someone in your family, a friend or maybe even a teacher!

You can find some eCards on this website:

<https://www.got-free-ecards.com/>

## PSED Like and Dislike: Food and Drink

We are carrying on learning about things that we like and don't like. Can you try some of your favourite and different foods. Can you put them into piles of ones you like and dislike. Practice taking a selfie with each pile.

## Secondary Home Learning Week 2 Topic: 'Can I Switch it On?'

## Understanding the World Then and Now: Baking

Continuing our learning about then and now from last week, we can learn about the different ways of cooking. Can you make a mug cake and use the microwave to help you cook it?

**Recipe:**

<https://www.bbcgoodfood.com/recipes/microwav-e-mug-cake>

## Maths This Way; That Way

We are learning about giving technology instructions and how we can make things move. Can you follow instructions? Maybe follow a recipe or take part in some YouTube just dance videos.

Could you practice using technology to film you doing this? 😊

**Just Dance Video:**

[https://www.youtube.com/watch?v=oe\\_HDfdmnaM&ab\\_channel=FamilyFriendlyGaming](https://www.youtube.com/watch?v=oe_HDfdmnaM&ab_channel=FamilyFriendlyGaming)

## Art and Design Nature/Loose Part Pictures

Carrying on from our art last week, get an old photo frame or make one using paper. Can you use different things you've found in the garden (leaves/sticks/pebbles) or different toys in your house to make a picture in your frame? Practice taking photos of your finished result.

## Communication and Language

### Listen Up!

Go and find somewhere comfy at home, maybe you could build a den and get inside? Find a nice blanket and settle down. Listen to some stories on YouTube or read your favourite books.

Close your eyes if you want to. What was your favourite part of the story can you tell or show someone at home?

## PSED Shadow Puppets

Something we are going to learn about is the photocopier and how it works! Can you turn the lights off and have one light to make shadows? Can you see your hand and face? Count your fingers. Maybe you could make an animal using your hands and fingers!

## Art and Design Printing Time!

Following on from our art projects we are looking at different prints and patterns. Find some things in the garden and the house that you could print with. Maybe use some leaves or sticks from outside. Lots of food does good printing patterns too!

## Physical Development

### Marvelous Mark Making

This week for mark making its all about tools and cardboard! Get an old piece of cardboard or a box. How many ways can you make marks in it? Can you poke holes or cut it up?

What different things can you use to make holes in it? Which holes are bigger/smaller?

## Secondary Home Learning Week 3

### Topic: 'Can I Switch it On?'

## Understanding the World Where in the World?

Something else we are doing is learning about where we are in the world. Can you find your house on google maps? Isn't it cool! You could also take a photo of your house and see if it looks different to google maps.

If you're feeling extra adventurous you could draw your house or maybe school!

## Literacy Terrific Tablets

Carrying on with our investigation into technology; look at a tablet or phone with someone at home. Can you turn it on and unlock it? Have a go at playing on it, practice turning the music up and down.

Use the resources attached to see if you can label it. Where is the screen, camera and button? Practice your cutting and sticking skills! 😊

## Maths Crazy Collecting

Can you go on a hunt around your house and find different things; teddies, dinosaurs, cars, wind up toys, biscuits (whatever you are interested in). Now can you count them? Ask someone at home to put them in different groups. Can you count them now?

Practice group of up to 5, then up to 10 and beyond if you can! 😊

# Terrific Tablet Template

# Labels

**Screen**

**Camera**

**Button**

## Communication and Language Treasure Hunt

Set up a treasure hunt for your child in the garden/bedroom wherever is best. Maybe they could search for chocolate coins/teddy bears/cars. Give them instructions such as 'Go towards the bed' or 'Go to the wardrobe'.

You could even use your phone/tablet to record messages for them to follow.

## PSED Computer Expert

In class we would be learning all about taking responsibility for things, especially technology. Can your child become a helper around the home with making sure things are turned on and off when you need them to be? 😊

## Art and Design Loose Parts

Have some loose parts including cogs, wheels, buttons, wires and switches for making patterns and shapes. Add other loose parts for interest including glass beads and coloured bottle tops. Allow children to take a photograph of their transient art and write a label for it.

## Physical Development Our Moving Movie

Get someone at home to film you running, jumping and using balls, bats, beanbags, climbing frames, tunnels, hoops and skipping ropes. Maybe you could help film the grown ups doing it!

## Secondary Home Learning Week 4 Topic: 'Can I Switch it On?'

## Understanding the World Radio Control

We will be learning all about radio and radio control toys. If you have walkie talkies at home maybe you could have a go with those!

Make a cup-phone with someone from home and see if you can hear them make noises in the other end!

## Literacy You've Got Mail!

Listen to the story **When Charlie McButton Lost Power** on YouTube:

[https://www.youtube.com/watch?v=9gVNS-WCcNg&ab\\_channel=JodyUddy](https://www.youtube.com/watch?v=9gVNS-WCcNg&ab_channel=JodyUddy)

Talk about what would happen if we lost power and the things that wouldn't work anymore. Can you write or draw a message to someone you would normally talk to on the phone?

Practice posting your note through the letter box and see if you get a reply!

## Maths Sharing Treats

Have a teddy bear (or dinosaur, or princess, whatever your child is interested in) tea party...Offer a group of objects which can be divided out. Ask the children to count how many items in total you have put out on the table. Then explain that they need to share the objects fairly between them.

Can you count how many treats each one has? What happens if you give them 1 more?

## Communication and Language

### **Taking Pictures**

Go outdoors. Ask your child to look for things that might make a good photograph. Show your child how to use a digital camera or tablet to take a single shot of their chosen view. Explain that they will have to listen very carefully, follow instructions and ask for help if they need it.

## Physical Development

### **Magical Mark Making**

Put some oats or cereal on a tray. Can you make marks using cars, spoons, brushes or even your fingers? Which make the best ones? Can someone at home draw you a pattern for you to copy?

## Literacy

### **Creative Communication**

Talk about how last week we had to write letters but this week someone has stolen all our pens and paper: so, we have to have a new way to communicate...Email!

Can you write an email or help press the keys on the keyboard?

## PSED

### **Like and Dislike: (Games and TV)**

We are carrying on learning about things that we like and don't like. Can you try watching/playing different games and television programmes. Which ones do you like best and least? Can you take a photo of each one?

## **Secondary Home Learning Week 5**

### **Topic: 'Can I Switch it On?'**

## Maths

### **Super Sizes!**

Find as many toys as you can. Can you put them in order of biggest to smallest? Are any the same size? Maybe you could measure them if you're feeling like a super star!

You could also practice taking a photo of them all lined up in order of smallest to biggest.

## Art and Design

### **Drip and Splash (Clingfilm Style!)**

Following on from our Jackson Pollock art its now time to have a go at making art using clingfilm and a rolling pin! Put some blobs of paint on a piece of paper, cover it with clingfilm and roll away!

## Understanding the World

### **Switch Hunt**

We are learning all about different switches, buttons, remotes and how technology works. Can you go find things at home that have buttons or switches? How many have you found? Can you get them to work?

## Communication and Language Wonderful Webs

Listen to the story **Webster's Email** by  
Hanna Whaley on YouTube:

[https://www.youtube.com/watch?v=EYYyyUwKsE8&ab\\_channel=JacquelineWiseman](https://www.youtube.com/watch?v=EYYyyUwKsE8&ab_channel=JacquelineWiseman)

Can you make a spiders web out of some  
string or spaghetti?

## PSED Musical Madness

Can you try listening to different genres of  
music? Which ones do you like best and  
least?

Try listening to some classical, pop, jazz, rock  
music.

## Art and Design Patterns

Get a large piece of paper and put it on the table. Get  
some pens and pencils. Can you use different colours to  
make marks? Get someone from home to draw shapes,  
different lines, use different colours to make patterns.  
Can you copy them?

## Physical Development Jigsaws of Us

We have been learning about jigsaws both on  
the computer and in real life. Can you get a  
picture of you and cut it up into a few pieces.  
Now practice putting it back together! You've  
made your own jigsaw!

## Secondary Home Learning Week 6

Topic: 'Can I Switch it On?'

## Understanding the World Data Loggers

Go on a walk (maybe in the garden or out  
the house) Can you make a list of all the  
things you see and how many you can  
count? Look out for houses, trees, cars,  
lights and shops.

## Literacy Technology Hunt

Listen to the story **Peppa Pig's Family  
Computer** on YouTube:

[https://www.youtube.com/watch?v=TQRJ7Bvm3Hc&ab\\_channel=PeppaPigStories](https://www.youtube.com/watch?v=TQRJ7Bvm3Hc&ab_channel=PeppaPigStories)

Talk to your child about the technology  
you have in the house and maybe show  
them how to use it?

Can you find all the technology in your  
house? Practice turning it on and off.

## Maths Shape Builder

Make some kinetic sand at home using  
this recipe (all you need is flour and  
oil!). Can you build some different  
shapes? What about a sand castle? 😊

Recipe:

<https://parentingchaos.com/taste-safe-moon-sand-recipe/>
